Completing Form I-983
Guide to be used by student when completing Section 1 of Form I-983

The purpose of this guide is to help the student complete Section 1 of the Form I-983 correctly. This information has been adapted directly from the Form I-983 Instruction page. Revisions have been included where appropriate to clarify information as it pertains to students who are on currently OPT/STEM OPT upon completion of a degree earned at the University of Florida. The student should also refer to the formal Form I-983 Instruction page for further guidance on completing the remainder Form I-983. Any student or employer questions regarding completing all other sections of Form I-983 should be directed to SEVP@ice.dhs.gov.

  - If you are currently on the 17-Month STEM OPT, the start date entered here should be on or before your application is filed with USCIS. For example, if you anticipate that your application will reach USCIS on or about June 30th, then your start date should be no later than June 30th. Check “No” if your STEM OPT participation is based on your most recently obtained degree, and that is the degree upon which your current post-completion OPT is based.
