# HOUSING OPTIONS

## Homestay:

Homestays are the norm for Spain, and are encouraged by UF. Participants living in homestays will be provided with three meals per day (except on ISA excursion days) and laundry service once per week for the official duration of the program. Students usually share a bedroom with another ISA student, but have the option of paying extra to secure an individual room.

## Residencia:

Residencias are similar to the American dorm style, however, they are not located on a university campus and are not affiliated with a university. In most cases, students will share a double room with another student from their program.. There will be a bathroom inside each room or a bathroom shared per floor, and either a small kitchenette in the room or a communal kitchen on the floor for students to share. Meals are not included, and coin-operated laundry machines are available for use within the residencia's laundry facility.
